

## **LIFETIME ACHIEVEMENT AWARD NOMINATION**

The OCAPA / OACI Lifetime Achievement Award is awarded annually to a concrete industry professional distinguished by a career that demonstrated outstanding leadership, dedication and achievement in support of concrete promotion or technical contributions and industry advancement. Nominees for this award must be from an OCAPA or OACI member company who are active, retired or deceased. You can help one of these industry champions get deserved acknowledgement by nominating him or her for this prestigious award.

There is no restriction on who may offer a nomination for the Lifetime Achievement Award for Promotion or Technical contributions. Completion of this form is not required, but a written submission is required. To ensure most serious consideration all nominations should include basic information of the kind requested on this form.

In addition to your contact information, it is important that you provide details about the nominee's promotional or technical efforts over their career in some or all of the following performance categories. The EIC Committee may request additional information as needed.
