

EFFECTIVE TOOLS TO ESTIMATE & BID ODOT PROJECTS WORKSHOP

This workshop is designed to give a **comprehensive** overview of specific tools used to **effectively estimate and bid** on ODOT projects. The information in the workshop will be presented from the perspective of both **ODOT contractors** and **ODOT staff**.

Workshop will cover:

- How to Use Online Resources (such as Prequalification & E-Bid system)
- ODOT Bid and Project Management documents & processes
- Bid Plans versus Contract Plans
- ODOT General Specifications (new specifications out 2018)
- Project Qualified Product List (and why knowing it is vital)
- Checklist Forms
- Current and forecasted ODOT project schedule
