CONCRETE
AWARDS
2019
Call for Entries
Oregon & SW
Washington Projects

For the past 39 years, the Excellence in Concrete Awards Program (EIC) has showcased innovative and functional concrete applications used in our region's commercial, industrial, and residential projects.

The awards program recognizes the exemplary use of concrete in building design, construction and landscaping by architects, engineers, general contractors, and concrete producers.

We hope you will submit your projects for this year's competition.

**Deadline for
Submissions:**

**Friday,
January 25, 2019**

2018 1st Place Winner - Slate - Mixed Use

Enter Now!

There's no cost to submit an entry.

Nominations will be accepted from any person or firm for projects using concrete within the state of Oregon or SW Washington - completed during the past two calendar years (January 2017 thru December 2018).

All projects will be judged by a panel composed of representatives from local professional and trade organizations.

Completed entry forms, photos, and additional required information must be received by midnight on Friday, January 25, 2019.

Mark Your Calendars! Awards presented Thursday, April 25, 2019 at the Salem Convention Center. The awards banquet is open to the public, sponsors, and project contributors. Tickets available online in early March.
