

Technical Data Sheet - Excellence in Concrete 2022

Use this sheet to provide additional technical information about the concrete on your project. This sheet will be provided to the judges along with the narrative during their review. If there are several unique aspects to the project (walls, flatwork, etc) you may submit separate data sheets.

Name:

Company Name:

Project Name:

Project Completion Date:

Project Location:

City:

County:

State:

Type of Project:

- | | |
|--|--|
| <input type="radio"/> Sustainable (LEED) | <input type="radio"/> Retail |
| <input type="radio"/> Craftsmanship | <input type="radio"/> Tilt-Up |
| <input type="radio"/> Wall | <input type="radio"/> Parking Structures |
| <input type="radio"/> Utility | <input type="radio"/> Pervious |
| <input type="radio"/> Residential/Single | <input type="radio"/> Recreational |
| <input type="radio"/> Residential/Multi | <input type="radio"/> Industrial |
| <input type="radio"/> Mixed Use | <input type="radio"/> Bridges |
| <input type="radio"/> Paving | <input type="radio"/> Public Facility |
| <input type="radio"/> ICF Structure | <input type="radio"/> Commercial |

Size of Project: (cu. yds., sq. ft., etc.):

Concrete Strength Requirements (psi):

Water / Cement Ratio(s):

Unique or High Volume Admixtures:

Total LEED points attributed to concrete construction:

Describe unique mix designs:

Describe unique specifications / requirements (flatness, color, etc):

Describe placement challenges or unique techniques:

Describe other special technical aspects:
