

MSHA Part 46

SURFACE ANNUAL REFRESHER TRAINING

January 16, 2019
Salem Convention Center

It's that time again! The Part 46 Annual Refresher 8-hour classroom training will address changes at the mine that could adversely affect a miner's health and safety. The training will also address subjects relevant to mining operations, and in-depth instruction on other mining industry issues.

Special Guest: Matthew DeAtley, DeAtley Law, PLLC

The training session covers relevant topics, with engaging material presented by industry partners who have a strong knowledge of mine safety. This year it will also include some interactive teaching material that will bring to life the concepts and procedures you need to know!

Sign up Today!

Class Date: January 16, 2019

Cost:

OCAPA members: \$95/person

Non-OCAPA members: \$120/person

Class includes lunch.

Register before January 9th

MSHA's Part 46 training regulations address the training and retraining of miner's engaged in shell dredging or employed at sand, gravel, surface stone, surface clay, and many other mines.

Course participants should meet MSHA's definition of "experienced miner" [§46.2(d) (1)] and will be familiar with all the material in general through experience [§46.2(c)] or prior and successive formal training.
